**Electricity Disclosure Label is available for eMPower Millis program**

Millis, MA – Our Town’s community electricity program has posted the latest Electricity Disclosure Label, which describes the energy mix for all program options. The label can be found in the resources section on the program website [eMPower.MillisMA.gov](http://eMPower.MillisMA.gov).

eMPower Millis is a program offered by the Town of Millis to provide residents and businesses with Town-vetted options for electricity supply. eMPower Millis does not replace Eversource, the electric utility in Millis, which continues to deliver electricity, repair any outages, and billing, so customers continue to receive one bill. The program website, [eMPower.MillisMA.gov](http://eMPower.MillisMA.gov), contains a description of the program, forms, and a phone number to call with questions.
